

# CLASS 5G

INVESTORS IN PUPILS

Blakehill Primary

## Mission Statement .....

Class 5G is a happy, fun, welcoming and productive place to work. We work well as a team but also work hard independently to achieve our goals. We look after all our equipment and ALWAYS put things away when we have used them. 5G obey the school rules to help the class remain calm and quiet whilst always respecting one another. We are truthful and will always help somebody if they are struggling. 5G set an excellent example to the rest of the school and present our work to the best of our ability. We love to have a laugh... at the right time.
